Perry Nuclear Power Plant Annual Notice

Letter to Parents/Guardians

Dear Parent/Guardian,

The Ashtabula Area City School District has developed plans to assist the public affected by an emergency at the Perry Nuclear Power Plant. Protective actions, including evacuation, may be necessary for persons within approximately ten miles of the Perry Plant. Our entire school district is located outside this area; therefore, no Ashtabula Area City School District students will be evacuated.

Our role during an emergency at the Perry Plant is one of assistance. Your child's school schedule may be adjusted to make district resources such as buses and building/classroom space available for those affected. You will be notified of any school activity adjustments and of any bus routes that may be running late through normal school district procedures. There will be no early dismissal of Ashtabula Area City School District students.

I appreciate your attention to this matter and request your cooperation during any interruption in school services to help those in need should a major emergency occur at the Perry Nuclear Power Plant.

Sincerely,

Dr. Mark R. Potts
Superintendent of Schools
